

SMARTLIPO™

by CYNOSURE®

Join us for an Aesthetic Event!

Wednesday
September 20th
5:00 - 7:00pm

A Smartlipo procedure can help you achieve the contoured shape you once had. Smartlipo can remove fat to help you get back your sculpted arms, flat tummy and thinner thighs with minimal downtime and less pain than traditional liposuction. It delivers energy underneath the skin, so not only do you disrupt fat, but also tighten skin* to achieve the shape you desire.

Space is limited!
Call (973) 490-4449 to RSVP!

Richard Peck, M.D.
776 Northfield Ave
